

Fall/Spring dates for Biochem 910: **BOLD** = locked dates/speakers. (green) = tentative dates

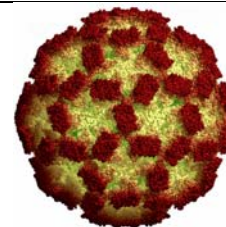

**Biochemistry 910 Advanced Molecular Virology
2018-2019**

12:10-1:00 PM Thursday

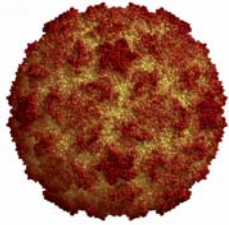

Biochemical Sciences Auditorium – (Rm 1211)

440 Henry Mall, U.W.-Madison

Seminar Coordinator: Ann Palmenberg (acpalmen@wisc.edu)

| Date | Speaker | Title | Affiliation |
|----------|-------------------------------|---|---------------------------------|
| Sept. 6 | Ann Palmenberg | Organizational meeting Registered students only, B105 Bock | Prof coordinator |
| Sept. 13 | Ryan Behrens | In: faculty lounge: 2321 BSC CRISPR/Cas9 editing of host factors to silence HIV-1 gene expression in T cells | Predoc, Sherer lab |
| Sept. 20 | Sara Sawyer | Spillover: how viruses adapt at the animal-human interface | U Colorado, A. Mehle host |
| Sept. 27 | Anthony Dawson | Phosphorylation regulates influenza virus polymerase function | VTP-predoc Mehle lab |
| Oct. 4 | Yoshi Kawaoka | Working with deadly viruses: battling influenza and Ebola | Prof, PathoBio Sciences |
| Oct. 11 | - | No seminar , students/faculty leave for Wisc-e-Sota virology meeting for VTP in La Crosse | - |
| Oct. 18 | Harriet Saunders | Geminiviruses: how does a single coat protein build a twinned icosahedral particle? | IPiB predoc Wildonger lab |
| Oct. 25 | Rob Striker | Impact of sex chromosomes on HIV cure strategies | AssocProf, MMI |
| Nov. 1 | Michael Rossmann | A personal history of structural biology: from hemoglobin to Zika Virus | Purdue U A. Palmenberg host |
| Nov. 8 | Dave Evans | Resistance of HIV-Infected Cells to Elimination by Antibodies | Prof, Path & Lab Med |
| Nov. 15 | Tomas Friedrich | Passing through: influenza transmission bottlenecks in viral evolution | AssocProf, PathoBio Sciences |
| Nov. 22 | - | Thanksgiving No seminar | |
| Nov. 29 | Soyeong Park | Interaction between HPV and HIV1 | VTP-postdoc Sherer lab |
| Dec. 6 | Jim Gern | Rhinoviruses, bacteria and you | Prof, Pediatrics |
| Dec. 13 | Sofia Romero-Ferrufino | Determining the role of hepatitis B virus viral proteins, core and P, in viral persistence | VTP-predoc Sherer lab |
| | | END of SEMESTER | |

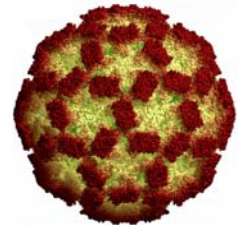

**Biochemistry 910 Advanced Molecular Virology
2018-2019**

12:10-1:00 PM Thursday

Biochemical Sciences Auditorium – (Rm 1211)

440 Henry Mall, U.W.-Madison

Seminar Coordinator: Ann Palmenberg (acpalmen@wisc.edu)

| Date | Speaker | Title | Affiliation |
|-------------|------------------------------|---|----------------------------------|
| Jan. 17 | Ann Palmenberg | Organizational meeting Registered students only | Prof coordinator |
| Jan. 24 | Anna Heffron | | VTP-predoc D. O'Conner lab |
| Jan. 31 | Rob Kalejta | | Prof, IMV & McArdle labs |
| Feb. 7 | Gloria Larson | | VTP-predoc Mehle lab |
| Feb. 14 | Tony Goldberg | | Prof, PathoBio Sciences |
| Feb. 21 | Hillel Haim | | U of Iowa N. Sherer host |
| Feb 28 | | | |
| Mar. 7 | Ryan Langlois | | U Minnesota A. Mehle host |
| Mar. 14 | - | Spring Recess No class | |
| Mar. 21 | Adityarup Chakravorty | | VTP-postdoc Sugden lab |
| Mar. 28 | | | |
| Apr. 4 | Ana Sesma | Immune modulation by dengue virus and beyond | Mt. Sinai, NY K. Bernard host |
| Apr. 11 | Paul Friesen | | Prof, IMV & Biochemistry |
| Apr. 18 | Nicolas Van Sciver | | VTP-predoc Kenny lab |
| Apr. 25 | Katia Koelle | | Emory T. Friedrich host |
| May 2 | | | |
| | | END of SEMESTER | |
