

**Biochemistry 910 Advanced Molecular Virology
SPRING 2018 SEMINAR SERIES**

12:10-1:00 PM Thursday

Biochemical Sciences Auditorium – (Rm 1211)

440 Henry Mall, U.W.-Madison

Seminar Coordinator: Nathan Sherer (nsherer@wisc.edu)

Date	Speaker	Title	Affiliation
Jan. 25	Prof. Nathan Sherer <i>Dept. of Oncology</i>	Organizational meeting Registered students only	U.W.-Madison IMV
Feb. 1	Sam Craven <i>Integrated Program in Biochemistry</i>	Bacteriophage inhibition of E. coli cell division	U.W.-Madison
Feb. 8	Reza Djavadian <i>Cancer Biology Graduate Program</i>	DNA Replication and vPIC Dependence: A Comprehensive Analysis of EBV Lytic Transcription Using CAGE-SEQ	Johannsen Lab UW-Madison McArdle Laboratory Dept. of Medicine
Feb. 15	Anthony Dawson <i>Cell and Molecular Biology Graduate Program</i>	Phospho-regulation of the influenza virus replication machinery	Mehle Lab U.W.-Madison MMI
Feb. 22	Nick Van Scriver <i>Cellular & Molecular Pathology Graduate Program</i>	Regulation of EBV lytic reactivation by p53 and p63 in epithelial cells	Kenney Lab UW-Madison McArdle Laboratory Dept. of Medicine
Mar. 1	Prof. Aurelie Rakotondrafara	The link between RNA sequence, translation and plant viral resistance	U.W.-Madison Plant Pathology
Mar. 8	Bayleigh Benner <i>Microbiology Doctoral Training Program</i>	Perturbations to the HIV-1 Programmed Ribosomal Frameshift Site Dictates Translation Regulation and Viral Genomic RNA Transcript Fate	Sherer Lab U.W.-Madison IMV, McArdle
Mar. 15	Prof. Betsy Herold	<i>TBD</i>	Albert Einstein College of Medicine Dept. of Microbiology and Immunology
Mar. 29	Ruben Moreno <i>Cancer Biology Graduate Program</i>	Determining the cell of origin for papillomas and squamous cell carcinomas arising in MmuPV1 infected mice	Lambert Lab UW-Madison McArdle Laboratory
Apr. 5	Gloria Larson <i>Microbiology Doctoral Training Program</i>	Host poly-ADP-ribose polymerases mount an antiviral response targeting the influenza virus replication machinery	Mehle Lab U.W.-Madison MMI
Apr. 12	Dr. Jaimee Eckers	<i>TBD</i>	Kimple Lab UW-Madison Dept. of Human Oncology
Apr. 19	Prof. Sarah Sawyer	<i>TBD</i>	University of Colorado- Boulder Dept. of Molecular, Cellular and

			Developmental Biology
Apr. 26	Prof. Vatsan Raman	TBD	U.W.-Madison Dept. of Biochemistry
May 3	TBD	TBD	
		END of SEMESTER
